Re: Closure of Administrative Order
Greater Smoot Water and Sewer
District
Docket No. SDWA-08-2003-0066
PWS ID# WY5601397

Dear Mr. Hunsaker:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Administrative Order, Docket Number SDWA-08-2003-0066, issued to Greater Smoot Water and Sewer District on September 24, 2003. Notwithstanding your 2004 lead and copper violation, EPA has determined that you have complied with the nitrate and repeat bacterial monitoring requirements of the Administrative Order; therefore we will close the Order at this time. Because your 2004 lead and copper violation was not addressed in the Administrative Order, we are choosing to close regardless of this violation.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations ("NPDWR"), 40 C.F.R. part 141. Violation of the NPDWRs or an administrative order may subject you to a court-imposed injunction and penalties of up to \$32,500 per day of violation.

If have any questions about your compliance requirements, please call me at (303) 312-6896.

Sincerely,

Lisa Kahn, Team Leader
Technical Enforcement Program
Office of Enforcement, Compliance
and Environmental Justice
